

Appl. No. 10/686,601
Allowed: May 17, 2006
Andt. after Allowance
Atty. Docket No. AP941US

REMARKS/ARGUMENTS

This application has been allowed. In the Notice of Allowability, the Examiner confirmed that claims 10 - 13, which had been rejected as directed to a different invention, had been cancelled by an Examiner's Amendment as authorised by the undersigned. The foregoing amendments to the specification remove statements which are inappropriate in view of the cancellation of claims 10 - 13, which are being included in a divisional patent application.

No new subject matter has been added by this Amendment and no new issues have been raised, so it is respectfully requested that the Amendment be entered.

Respectfully submitted,

Thomas Adams, Reg. No. 31,078
